SKILLS

Why CHOOSE US?

OGO (Orange Global Olympiad) is a scientifically designed skill-based competitive exam.

Competitive test preparation questions

To prepare students for future competitive exams and enhance their reasoning skills

Identifying academic geniuses

To uncover each students' skill-set on a subject

Anti-rote learning practical based questions

To focus on the students' demonstration of learning outcomes and adhering proficiency in particular competencies in the subject

Two key answers

To prepare students for decision-making about the right choice and sharpening their critical thinking skills

360° diagnostic report

To uncover holistic assessment of strengths and weaknesses

PISA based questions (NLE)

To prepare students aged 15 years for program for International Student Assessment (PISA) Exam, analysing Reading, Mathematics and Science Knowledge and skills

Strong Girl Strong World **SCHOLARSHIP***

One-time scholarship of ₹ 5000/- to 200 meritorious from economically weaker sections, girl-students to promote female empowerment

Academic Excellence **awards* for principal and coordinators**

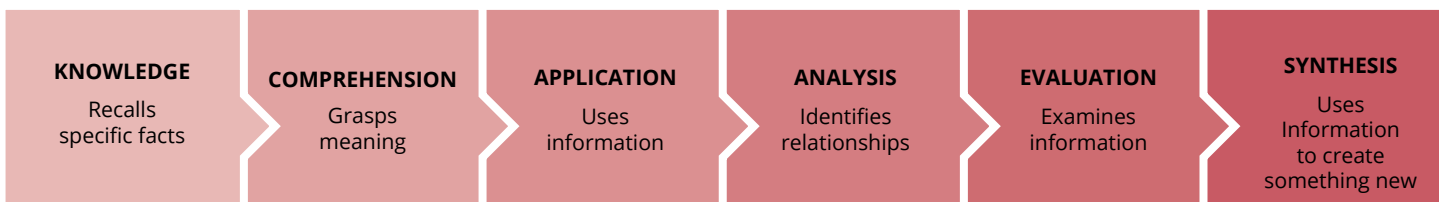

To recognize the efforts as an educator in imbuing quality education

BLOOM'S TAXONOMY

Unique student achievement & analytical report (SAAR)
based on Bloom's Taxonomy

Lower Order Thinking Skills

Higher Order Thinking Skills

* Conditions apply
For more details, please visit our website.

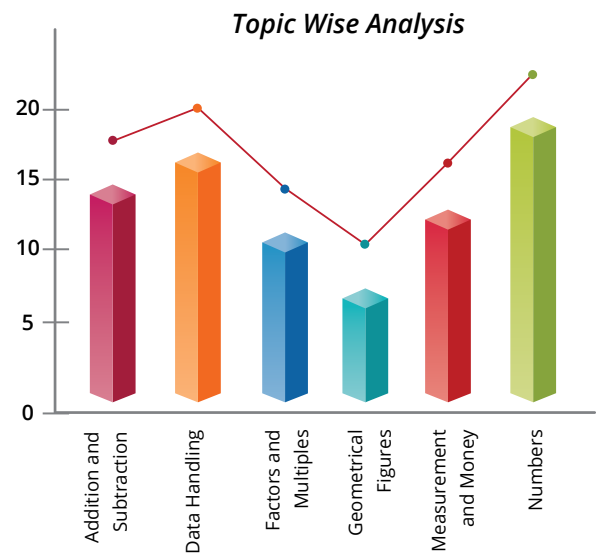

360° UNIQUE PERFORMANCE ANALYSIS REPORTS

→ A unique tool graphically analysing the various dynamics of student's performance, allowing students, teachers and parents to make in depth assessments regarding the student's strengths and weaknesses.

The student report is called '**SAAR**' (**Student Achievement & Analytical Report**).

This report contains:

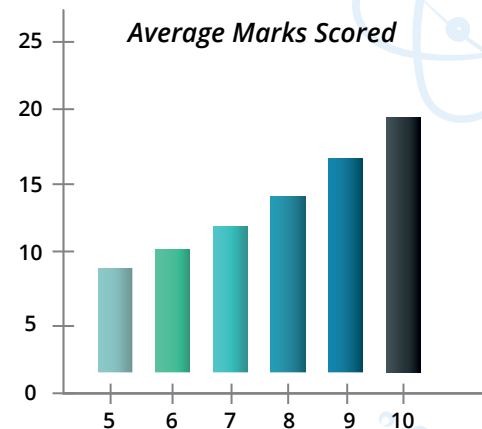

- SECTION 1 – Student's comparative performance
- SECTION 2 – Bloom's taxonomy chart
- SECTION 3 – Topic-wise analyses
- SECTION 4 – Skill-wise analysis
- SECTION 5 – Question-wise performance analysis
- SECTION 6 – Student rank & percentile performance

→ Along with individual student, reports a unique school analysis report '**SPAR**' (**School Performance & Analytical Report**) is also shared with the school, highlighting the overall performance of students.

This report contains:

- SECTION 1 – Comparative performance among schools
- SECTION 2 – Class-wise standard deviation
- SECTION 3 – Quest wise class performance analysis
- SECTION 4 – Student-wise performance analysis
- SECTION 5 – Subject-wise NLE qualifiers
- SECTION 6 – SLE medal winners

EXAMINATION

PATTERN OF EXAMINATION (SLE & NLE)

Subjects	Class	Number of Q.			Max. Marks			Duration
		(1-5)	(6-8)	(9-10)	(1-5)	(6-8)	(9-10)	
Mathematics	1 to 10	30	40	50	30	40	50	60 min.

Skill Education	3 to 8	16		30	80		120	60 min.
Hindi	3 to 10	30	40	50	30	40	50	60 min.

*Minimum percentage to qualify for NLE is 70% in SLE

TESTIMONIALS

Orange Olympiad is doing great work for the young aspirants as they are creating question paper including all the key skills which are future inspired.

It helps students to become a competitive person at this age by encouraging them with many awards at school and national level.

*Scholars Academy,
Gujarat*

I am delighted to share my experience with Orange Global Olympiad and their educational services. From the moment I enrolled my school students, I was impressed by the professionalism and dedication of the team. Their curriculum is comprehensive and well-structured to meet the needs of the learners. The Diagnostic reports are provided to us for each individual students are very beneficial for improving their academic skills.

*Delhi Public World School
Kotputli, Rajasthan*

Dear Sir,

My association with the Orange Olympiad started from 2019. I found that the questions asked were knowledge based, information based and a high level of reasoning which was very challenging to the children. Books supplied by them were highly informative and very helpful to the children.

I really encourage my children to participate in the Orange Olympiad.

Thanks,

*S.Balambigai
Sayee Academy, Chennai*

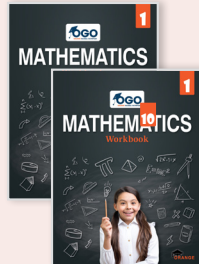

I registered my students for OGO Olympiad as it is a great platform for them. Their reports are well designed to understand the learning level of the students.

According to me, such well-organized Olympiads should be organized more often in schools or academies.

*Lyceum International School,
J & K*

Unlocking the Potential: NEP 2020 Embraces Olympiads as Catalysts for Academic Growth!

The National Education Policy (NEP) 2020, which aims at refining the Indian education system, focuses on the development of aptitude, creative potential, foundational skills, critical thinking, and problem-solving.

And **Olympiads are a great way to explore students' potential and identify their talent.**

According to NEP 2020, national and international Olympiads will be encouraged in various subjects for all students at all levels for widespread participation.

Olympiads are the pathway to your child's academic excellence!
