Total Questions: 30

Total Marks: 120

Time: 1 Hour

DO NOT OPEN THIS BOOKLET UNTIL INSTRUCTED TO DO SO

- Carefully fill in your **Name, Class, Roll Number**, and other required details on the **OMR Answer Sheet**.
- Use **only an HB pencil** to fill the OMR Answer Sheet.
- All questions are **compulsory** and carry **four marks** each.
- Only **OMR Answer Sheets** will be evaluated.
- There are **no incorrect answers**. The most appropriate option carries 4 marks and the least appropriate option carries 1 mark. Tick the most appropriate answer according to the question.
- You may use the **last page** of the question paper for **rough work**.
- **Digital devices** like calculators, smart watches, or mobile phones are **not allowed**.
- After the exam, **submit** both the **OMR Answer Sheet** and the **Question Paper** to the invigilator.

This question paper contains a total of 30 questions.

1. You and two friends want to start a small online business selling eco-friendly bookmarks. One friend wants to spend all the budget on fancy packaging; the other wants to invest in social media ads. You believe product quality should be the focus. What do you do?
 - (A) Choose your idea without discussing theirs.
 - (B) Have a team discussion and agree to divide the budget for quality, ads, and packaging equally.
 - (C) Let them decide since you want to avoid conflict and stop working on the idea because your idea isn't heard.
 - (D) Convince them to focus on quality only by giving examples of customer feedback.
2. Your younger sibling has been throwing tantrums at home due to exam stress. Today, they yelled at your parents and slammed a door. What is the best way to handle the situation?
 - (A) Wait for your parents to deal with it.
 - (B) Yell back at your sibling for disrespecting elders.
 - (C) Talk to them alone, ask why they're stressed, and offer to help them prepare.
 - (D) Ignore the behavior and try to distract them with a movie.
3. You're helping a friend prepare for a storytelling competition. On the final day, they mess up and blame you for not helping enough. What do you do?
 - (A) Apologize, even though you know it wasn't your fault.
 - (B) Get angry and stop helping them in the future.
 - (C) Calmly explain how much effort you put in and suggest how they can improve next time.
 - (D) Walk away and avoid them for a while.
4. You're part of a school initiative to redesign the library. You want to make it more useful for students. Which approach would you take?
 - (A) Add more bean bags and fairy lights for aesthetics.
 - (B) Conduct a survey to gather student needs, then present a proposal with study zones, reading corners, and digital access.
 - (C) Copy a library design you saw online.
 - (D) Ask only your close friends for ideas and design based on that.

5. Your grandmother tells you she wants to use UPI to make digital payments, but she's scared of getting scammed. How do you respond?
 - (A) Show her how to use it and help her set up a basic limit.
 - (B) Tell her digital payments are too risky and avoid teaching her.
 - (C) Take her phone and do all payments yourself.
 - (D) Ask her to only use cash.
6. You're invited to a student-led innovation summit but it's on the same day as your best friend's birthday party. You're worried about hurting them. What would you do?
 - (A) Skip the summit to avoid upsetting your friend.
 - (B) Talk to your friend in advance and explain why the summit is important, and plan to celebrate before or after.
 - (C) Don't go to either event out of confusion.
 - (D) Attend the summit and send a last-minute message to your friend.
7. A classmate posts a meme about your handwriting in a group chat. Others start laughing. How would you respond?
 - (A) Post a mean meme back.
 - (B) Ask them privately to delete the post and explain how it made you feel.
 - (C) Ignore it completely.
 - (D) Report them to the teacher right away.
8. You're developing a new product idea – a pen that records audio. You want to test it in your school. What's the best next step?
 - (A) Start selling it to classmates without permissions.
 - (B) Create a prototype and ask the school if you can run a pilot.
 - (C) Launch it online directly without testing.
 - (D) Ask friends to try it at home and fill a feedback form.
9. Look at this monthly spending table for Aarav. Help him plan better.

Category	Amount Spent
Food	₹400
Games	₹300
Books	₹200
Gifts	₹100

Aarav wants to save ₹200 next month. What should he do?

- (A) Cut games to ₹200 and gifts to ₹50.
- (B) Remove books entirely and stop spending on gifts.
- (C) Cut food spending in half and stop buying games.
- (D) Cut games to ₹250 and reduce books slightly.

10. You're at a cultural event where one child is being mocked for their village accent while performing a poem. What do you do?

- (A) Join in the laughter because others are doing it.
- (B) Stay quiet but feel uncomfortable.
- (C) Compliment the child afterward and tell the others that mocking is wrong.
- (D) Leave the performance without saying anything.

11. Your school has inconsistent schedules and students often forget classes. What's a good tech-based idea to fix this?

- (A) Create a chatbot that sends daily schedules to students.
- (B) Print a big chart and hang it in the hallway.
- (C) Ask teachers to remind the class daily.
- (D) Keep using the current system.

12. Your friend is very talented but doesn't participate in competitions due to stage fear. How can you best support them?

- (A) Push them into signing up anyway.
- (B) Share your own stage struggles and offer to rehearse together.
- (C) Tell them they're missing great opportunities and need to grow up.
- (D) Avoid discussing it.

13. You accidentally overhear your classmate planning to cheat in the science exam. What would you do?

- (A) Inform the teacher or school counselor.
- (B) Warn the classmate that they'll get caught.
- (C) Stay silent and mind your business.
- (D) Ask them to help you cheat too.

14. Which of these is the most accurate example of AI in daily life?

- (A) A fan that turns on with a button.
- (B) A smart speaker that learns your music preferences.
- (C) A calculator.
- (D) A wall clock.

15. You're at a Diwali fair selling handmade candles. Sales are low. What should you do to attract more people?
- (A) Yell and ask people to buy.
 - (B) Offer "buy 2, get 1 free" deals and put up a colorful board.
 - (C) Keep sitting quietly and hope people notice.
 - (D) Complain to your teacher that no one's buying.
16. Your cousin spent all his monthly allowance in the first week. He asks for your help. What advice would you give?
- (A) Suggest he creates a monthly budget with planned categories and tracks spending.
 - (B) Tell him to ask parents for more money.
 - (C) Scold him for being careless.
 - (D) Lend him money every time.
17. A friend of yours, Sara, often shares deep thoughts and emotional struggles on her social media stories. What's the most responsible way to respond?
- (A) Re-share her story and say "Same here!"
 - (B) Talk to her privately and gently ask if she's okay.
 - (C) Ignore it because it's not your business.
 - (D) Show the stories to other friends to discuss.
18. You're offered a free "gift card" on a shady website asking for personal info. What do you do?
- (A) Share your details to get the gift.
 - (B) Close the pop-up and report the site.
 - (C) Forward it to friends to try too.
 - (D) Screenshot it to ask someone if it's real.
19. You find out your startup idea is very similar to one already existing. What should you do?
- (A) Quit your idea.
 - (B) Research what's missing in the existing one and improve upon it.
 - (C) Copy the exact features.
 - (D) Launch it anyway and hope no one notices.

20. You designed a cool bag with built-in solar charging, but it's expensive. What's a good next step?
- (A) Reduce the price by compromising on materials.
 - (B) Identify a premium audience and sell in small batches.
 - (C) Give it away for free to get popularity.
 - (D) Stop making it since people said it's expensive.

21. Read this table and answer:

Item	Cost per Unit	Quantity
Notebooks	₹25	8
Pens	₹10	10
Stickers	₹5	20

You have a ₹400 budget. How much can you save after buying all items?

- (A) ₹10
 - (B) ₹0
 - (C) ₹30
 - (D) ₹50
22. Your uncle throws plastic wrappers on the road and says, "It doesn't matter." What do you do?
- (A) Join him.
 - (B) Pick them up and explain how it adds up over time.
 - (C) Stay quiet and let it go.
 - (D) Argue loudly with him in public.
23. You're creating a robot that helps organize school bags. What's the most useful feature?
- (A) Tells jokes when bag is heavy.
 - (B) Scans timetable and arranges books in order.
 - (C) Plays music when opened.
 - (D) Has wheels to move around.
24. You and your team are stuck during a community design project because no one agrees on the final idea. What would be your next move?
- (A) Take control and finalize it yourself.
 - (B) Facilitate a vote or try merging top 2 ideas into one.
 - (C) Drop the project altogether.
 - (D) Let whoever argues the most get their way.

25. You're in charge of setting up a tech help desk for students. What should be your first action?
- (A) Ask students what problems they face and then design a solution.
 - (B) Guess the issues and prepare common answers.
 - (C) Wait for teachers to give you a plan.
 - (D) Just post common FAQs online.
26. What does "ML" stand for in AI/ML?
- (A) Memory Logic
 - (B) Machine Learning
 - (C) Manual Language
 - (D) Math Logic
27. You've received ₹1,500 for your birthday and want to manage it smartly. What's the best example of creating a budget?
- (A) Making a list of how much you'll spend on gifts, savings, and fun in advance.
 - (B) Spending ₹1,000 on snacks and figuring out the rest later.
 - (C) Asking your parents to keep it and not thinking about it.
 - (D) Buying a gift, then snacks, then saving whatever is left.
28. You observe a friend cheating in an online quiz but the teacher doesn't notice. What would you do?
- (A) Tell the friend it's unfair and they should be honest.
 - (B) Ignore it because it's a small quiz.
 - (C) Cheat a little yourself next time.
 - (D) Publicly shame them in the class group.
29. Your society gives you ₹500 to organize a small Independence Day event. What do you do first?
- (A) Spend it all on snacks.
 - (B) Plan the event flow, list expenses, and create a budget.
 - (C) Buy decorations and ask for more later.
 - (D) Let everyone do what they want and split the money.
30. A student is often late to school because he walks a long distance. Others tease him. What would you do?
- (A) Offer to walk with him and support him.
 - (B) Stay silent but don't tease.
 - (C) Join the teasing for fun.
 - (D) Report the bullying to a teacher.
